Start your broadcast

Youcast helps you get started in the world of live streaming and creates a direct link to your community on Twitch and YouTube. Together with innovative Intel RealSense technology, **Youcast** offers you a whole new broadcasting experience. Stream your own shows and choose from a selection of backgrounds for your broadcast. It includes the perfect presets for you to get started straight away.

Made for you:

- **Ready:** Works with any webcam
- **Set:** Includes Game, Screen & Live Cast templates
- **Go:** Supports YouTube & Twitch
- **Fly away:** Intel RealSense background removal (Swap backgrounds easily without green screen)
- **Say it:** Add text to your media
- **Turn up:** Optimize the volume of your media
- **Pimp it:** Add effects to your stream & recordings in realtime
- **Relax:** Automatic image optimization

Minimum System Requirements:

For Microsoft Windows 8.1 | 10

All MAGIX programs are developed with user-friendliness in mind so that all the basic features run smoothly and can be fully controlled, even on low-performance computers. The technical data for your computer can be found in the control panel of your operating system.
